### **EXAMINER'S AMENDMENT**

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it **MUST** be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Ian Schutter on May 24, 2004.

The application has been amended as follows:

In claim 61, line 7, the words "provided on" have been deleted and replaced with the words --protruding from--.

The above amendment was necessitated to obviate a rejection of claim 61 in view of Figs. 1 and 11 of McGill.

2. The following is an examiner's statement of reasons for allowance: Though the prior art indicates numerous aspects of the present invention, art was not found which disclosed a seal member protruding from the outer surface of the inflatable enclosed structure, together in combination with the other claimed features of the applicant's invention.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

*Conclusion*

3. The prior art made of record and not relied upon is considered pertinent to applicant's disclosure. McGill shows a dispensing apparatus for frozen products. Thompson shows an expanding bellows for expulsion tank.

4. Any inquiry concerning this communication or earlier communications from the examiner should be directed to Melvin A. Cartagena whose telephone number is (703) 308-5810. The examiner can normally be reached on M-F (7:30AM to 4:00 PM).
